## 20 YEAR WARRANTY

*Our Victory Line of U-Channel fencing products come with a 20 year warranty and are manufactured with the highest quality of materials and technology in the industry.*

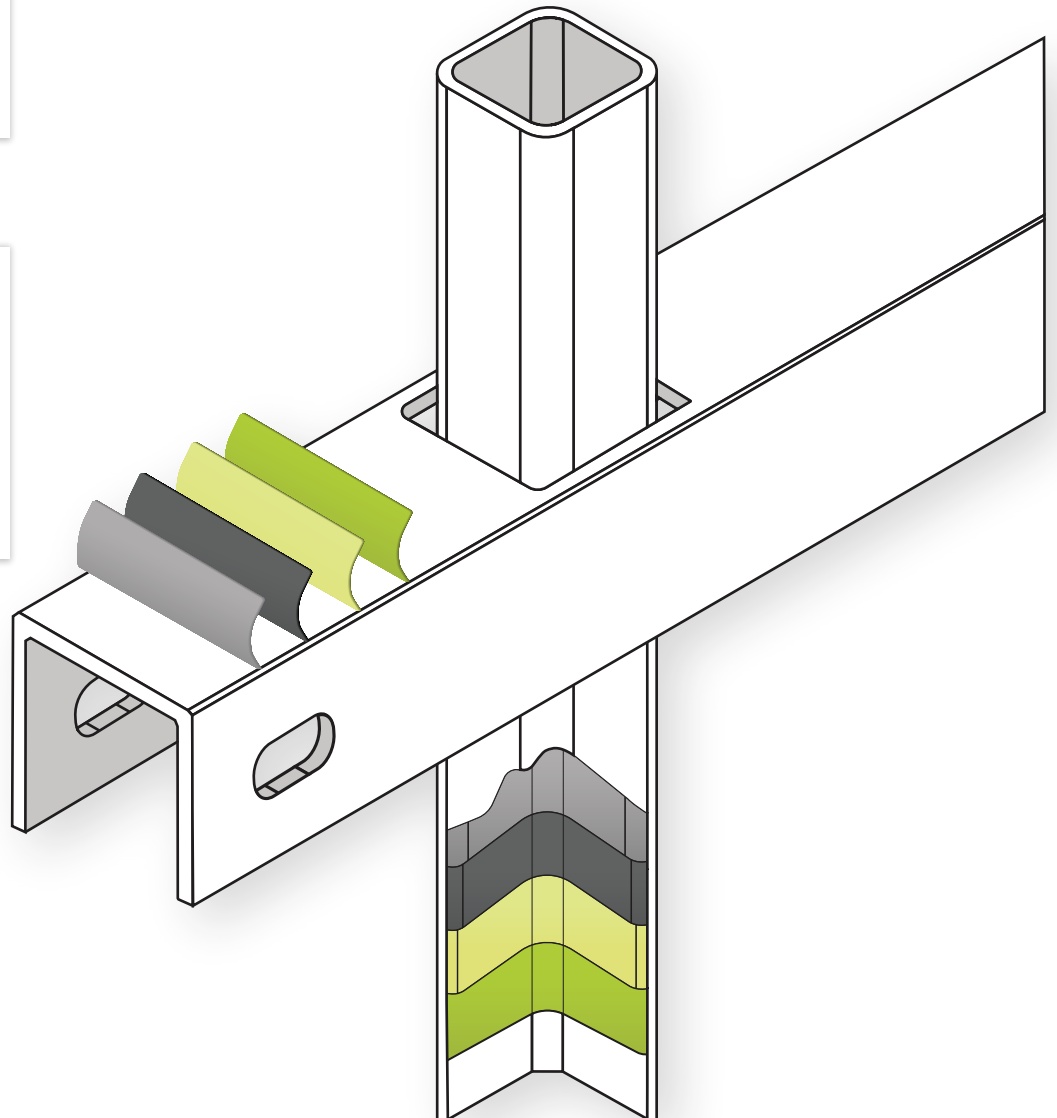

*Our 9-Step immersion process ensures proper coating and cleansing of our u-channel steel components on the outside as well as the inside that prevents corrosion and ensures that Victory line products can hold up against the ever changing climate and elements while remaining maintenance free.*

## V-COAT LAYERS OF PROTECTION

V-COAT has been engineered, tested and designed to prevent corrosion and stand the test of time offering complete protection of panels and posts on the inside and outside.

- ACRYLIC TOPCOAT
- EPOXY PRIMER
- PHOSPHATE
- GALVANIZED STEEL

# VICTORY RESIDENTIAL

Our Victory residential u-channel ornamental steel fence line is superior, timeless, terrain-tough and untouched by time and harsh weather conditions. Follows ASTM standards.

## SPECIFICATIONS

**Pickets:** 5/8" sq x 18 GA

**Rails:** 1" x 1 3/16" x 14 GA

**Posts:** 2" sq x 16 GA

**Heights:** 3', 3 1/2', 4', 5' or 6'

### 2 RAIL PANELS

Available in 3', 3 1/2', 4' and 5' heights

Flush Bottom Rail or Extended Picket Rail

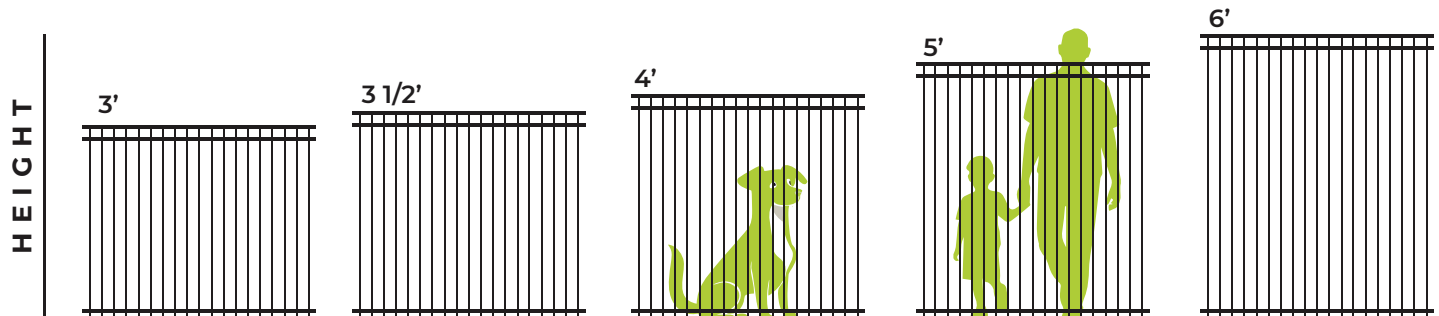

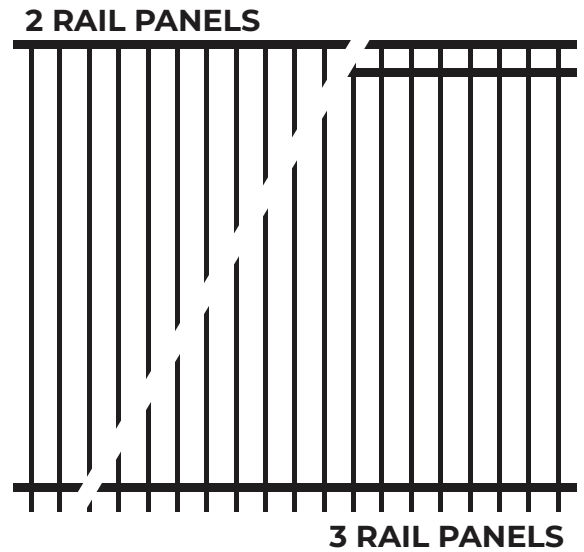

4" standard picket air gap

### 3 RAIL PANELS

Available in 3', 3 1/2', 4', 5' and 6' height

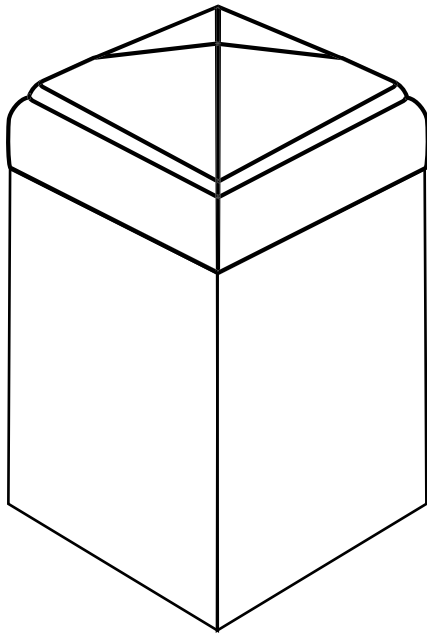

Flush Bottom Rail or Extended Picket Rail

4" standard picket air gap

# VICTORY GATES

Victory gates epitomize the pinnacle of durability and craftsmanship. With fully welded construction, these gates are engineered to withstand the test of time, ensuring years of reliable performance. Fabricated using the same high-quality components as our esteemed fence panels, these gates offer a seamless transition, creating a unified and cohesive aesthetic from fence to gate.

# KEY KEY FEATURES

- 1 With our Victory hook system, you are getting a superior fusion-weld that is as strong as a fully welded panel.
- 2 Our Victory hook system enables rackability without metal-on-metal contact. By utilizing the hook system, the rack can be adjusted or stacked without causing damage to the materials and ensure durability and longevity of the product.
- 3 Our hook system ensures that the racking process won't compromise the integrity of the V-Coating. By utilizing this advanced hinge mechanism, we prevent any potential damage to the V-Coating.
- 4 Our rackable design offers easy adjustment of up to 30-45 inches(residential-industrial) on an 8-foot panel, enabling seamless adaptation to varying terrain conditions.
- 5 Our panels feature smooth rails with concealed picket-to-rail connection points, ensuring a sleek appearance.
- 6 We offer customizable top and bottom panel options to meet your specific needs and preferences.
- 7 Our innovative bracket design is engineered to expedite installation, effectively reducing labor costs for your project.
- 8 Our optional picket spacing panels feature a 3" air space for increased safety for kiddos and pets.
- 9 Thanks to the V-coating technology integrated into our product, it becomes virtually maintenance-free.
- 10 Enjoy peace of mind with our Vantage Protection 20-Year limited manufacturer warranty. Our comprehensive warranty underscores our commitment to quality and customer satisfaction.
